OUR EFCA MISSION

*The Evangelical Free Church of America movement
exists to glorify God
by multiplying healthy churches
among all people.*

OUR CHURCH PLANTING VISION

*Our EFCA Start Churches Vision
is to bring pleasure to God
by using proactive, servant leadership
to mobilize a church planting movement
in the United States of America,
where every healthy EFCA church
will become a reproducing church,
and no EFCA church planter
will be left alone.*

OUR CHURCH PLANTING VALUES

*Great Companion Dependency
Great Commandment Climate
Great Commission Balance
Great Compassion Mandate*

OUR CHURCH PLANTING STRATEGY

*In order to accomplish this church planting vision,
we are developing a comprehensive national church planting strategy,
and the strategic support systems necessary to sustain
a reproducing church planting movement that will last.*

SEVEN STRATEGIC SYSTEMS

1. Starting: Lanching a Movement

We are using church planting summits and other catalytic events to mobilize our EFCA churches into a church planting movement. Start Now.

Movement Benchmark: 10 Percent reproduction rate

2. Reproducing: Healthy Churches Reproduce

We are using reproducing clinics and other training to equip our healthy EFCA churches to naturally reproduce new daughter churches. Start Two. One to replace your church and another to advance the kingdom.

Movement Benchmark: Three-year reproduction cycle

3. Recruiting: Discovering And Developing Planters

Our recruiting system is aggressively discovering church planters and our farm system is developing church planters.

Movement Benchmark: 150 Planters per year

4. Assessing: Right Planter, Right Place, Right People

Our assessment system helps a leader objectively evaluate his potential as a church planter.

Movement Benchmark: 18 District "A" teams

5. Boot Camp Training: Building a Movement

Our Boot Camp training system equips planters to start healthy new EFCA churches which will continually multiply and reproduce.

Movement Benchmark: The 100, 200, and reproduction barriers

6. Coaching: On Time, On Target, In Balance

Our coaching system links experienced pastors who will tithe their time with church planters to equip, empower and encourage them to be successful in their God-given mission.

Movement Benchmark: No planter left alone

7. Funding: Strategic Partnership of Equal Sacrifice

Our funding system is developing the necessary financial resources that will sustain a reproducing church planting movement which will last.

*Movement Benchmark: \$10 Million national fund and
\$18 million dollar district funds*
